Media Designer Digital and Print (m/f/d)

Responsibilities / Main tasks

Your responsibilities include:

- Independent working style and job-related preparation of print data
- Execution of print jobs according to the requirement profile
- Independent processing of designs
- **Project management in the field of digital prepress**, i.e.:
 - Support and consultation for both external and internal stakeholders
 - Creation and further development of designs up to proofing and approval processes
 - Further development as well as complaint and quality management
- Creation of various single-use die-cutting forms as well as generation/imposition of complex print forms and die-cutting sheets
- Communication, consultation, and coordination with national and international customers and advertising agencies, as well as with field staff and customer service representatives regarding design and printing issues
- Independent creation of layout drafts, clichés, subjects, and design templates

Qualifications / Requirements

What you should bring with you:

- Completed vocational training as a Media Designer for Digital and Print or similar qualification
- Several years of experience/advanced training in the field of digital prepress, offset printing, print data processing, and metal printing
- Extensive experience in offset printing / digital prepress
- Experience in metal coating, metal printing, and metal finishing
- Strong knowledge of iOS, iOS Server, and Windows
- Extensive experience in color management
- Strong experience with common programs such as Creative Suite, Esko Suite, GMG ColorProof, ColorServer, InkOptimizer, Xitron Harlequin RIP System / CIP3
- Good experience with Techkon measuring devices and software
- Excellent PC skills (Windows, Excel, PowerPoint, Word, etc.)
- Good command of English

Employment benefits

What we offer you:

- A modern workplace with the latest measuring and control technology
- A young and dynamic team
- A secure job in the food supply industry
- Above-tariff pay, taking your professional experience into account
- Christmas bonus and vacation pay
- Tax benefits through various non-cash benefits
